Repository Projects Branch
Division of Waste Management
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Dr. Wright:

ADDITIONAL REFERENCES FOR THE DRAFT ENVIRONMENTAL ASSESSMENT FOR THE REFERENCE REPOSITORY LOCATION, HANFORD SITE, WASHINGTON

Enclosed for your use are the requested number of microfiche sets of the additional references based on the December Draft Environmental Assessment. A revised list (reference index) of references has been included for your convenience. The references included in this transmittal are noted on the revision 1 index by a revision bar. By replacing your initial reference index with the revision 1 reference index and by inserting the additional microfiche slides in alphabetical order into the original transmittal, you will have a complete set of references to Chapters 2 through 6.

The references for Chapters 1 and 7 (written by the Department of Energy Headquarters) will be transmitted separately as soon as they become available.

We trust that this package of references along with those to follow will serve to enhance your preparation for public comment on the Draft Environmental Assessment.

Very truly yours,

O. L. Olson
